

HUB: View Your Academic Advisor

This tutorial instructs you on how to identify your Academic Advisor.

Login to your HUB Student Center via MyUB. On the lower right side of the navigation pane you will see blue box labeled “Advisor”. Inside of the Advisor box you will find your academic advisement center(s). If you have an assigned individual academic advisor(s), his/her name will also appear in the Advisor box

You will also see an advising center code followed by the location and phone number for your advising center. Your advising center is your primary point of contact for academic advising assistance at UB, and is determined by your primary major and/or affiliation with a special population.
