

Volunteer Commitment

MEDTECH 2015 is the largest gathering of executives and senior leaders from across New York State’s bioscience and medical technology industry. The state’s leading Bio/Med industry conference, MEDTECH 2015 fuses the region’s abundant capabilities and expertise into a full, energetic gathering of talented professionals. MEDTECH 2015 focuses on the need to re-think the way players interact in the healthcare industry – from development through adoption – leveraging the strengths of non-traditional partnerships to produce ground breaking results.
